I'm sorry to hear that, especially since you put in so much work.

Highland Park is a real growing area with lots of filming. Too bad the label can't see that. Maybe next time. It was great to meet you.

Hello Everyone,

First of all I want to thank ALL of you for working so hard and being so amiable with trying to get this video shoot in the neighborhood of Highland Park. The Director, Producer, Production Designer and myself were thrilled that we were going to be able to film in your community. Unfortunately, the label just pulled this location from us because they feared it would be "unsafe" for Kendrick to be in this area because of the gangs. We all tried to convince the label but they won't budge! This is a very unfortunate situation so now we must go elsewhere and shoot on Friday.

Thank you again for all the help! Sincerely,

Fred Jove

Hello Melinda and Misty,

Do you by chance have intel on possible local gang activity in this N Figueroa/Ave 58 area?

The record label is a little skittish about this area. Although Kendrick Lamar has no gang affiliation, they feel that if there's a presence in the area, it may not serve as a viable filming location for this video, mostly because the primary scenes in the video are exterior on open sets (city property.)

Please let me know what you know. I'd really like to help alleviate these concerns asap. We are out of time for a new location.

Thank you.

Tim

p.s. I'm looping in Gabe Martinez, LAPD hoping for input from that end as well..

Door to door is always recommended, especially if the company plans on coming back to the community at some point. It just helps build a good relationship with the neighbors.

Hi Timothy,

I also just spoke to him. We discussed him doing outreach to the residents across the street regarding the noise impacts, since I believe they are asking to use the lots until 10.

Hello again - I removed all locations on this draft not associated with Highland Park.

This is of course the first draft based on a few emails and ideas. Please review then let me know what revisions need to be made.

Thanks,

Tim

Hello,

I'd like to open this dialogue so we all have a single forum to discuss this shoot coming up:

I have been asked by Good Company to process permits on their behalf. Fred Jove, location manager has reached out to Misty and Melinda and I have reached out to Arturo. Tara Kramer is our coordinator at FilmLA and this is all new information for her. I will add all of the details regarding filming in Highland park and the use of City lots for Wednesday 10/22/14. Once I have everything entered, I'll send another email with a draft copy of the permit so you all can review it for accuracy.

Thanks to everyone for accepting this on such a short notice.
